Welcome to iPad Wi-Fi

Let’s configure the settings for your Internet connection at Werribee Secondary College
1. Go to ‘Settings’

2. Tap ‘Wi-Fi > WSC-WIRELESS’

3. Enter your school network ‘user name and password’

4. Click ‘Dismiss’ then ‘Trust’
   NOTE: if any messages come up about not being able to verify identity, tap ‘Continue’

5. Open ‘Safari’ and attempt to go to any Internet page e.g. apple.com
6. Enter your network ‘user name and password’

7. Tap ‘Install Certificate’

8. Tap ‘Install’ (the certificate) then tap ‘Install’ a second time (info about the certificate)
9. Tap ‘Install’ (this time it is for the profile)

10. Go back to ‘Safari’
    (double press the home button to switch to open programs)

11. Tap ‘Install Profile’

12. Tap ‘install’ then ‘Done’
13. Close Safari completely
   (double press the home button and swipe the Safari window in an upward direction)

14. Go back to ‘Settings > Wi-Fi’ and turn off Wi-Fi for 5 seconds then turn it back on
15. Make sure the wireless proxy setting is set to ‘Auto’ ... you can find this setting by tapping the information icon next to WSC-WIRELESS’ (it is the letter ‘i’ surrounded by a circle).

16. Open ‘Safari’ and try to go to any web site e.g. apple.com ... if you can access the site you have successfully configured your iPad for the school network.

If you have any issues please refer to the ‘How to Document’ and if this does not fix the problem please see the technical assistance team in the office on the ground floor of the Science wing.
